Dear Friends,

Thank you for your interest in this awesome collection of images.

This year the PPA marketing department has come up with a new slogan of “Be More.” There are many things to “Be More” of — involved, educated and inspired are three that come to mind when I look at this collection.

I once heard that we are the some total of those we have met and things we have seen in our journey of life.

The International Photographic Competition (IPC) brings together 45 of the best qualified judges that judge about 5000 images and did approximately 1500 critiques.

Hats off to the Photographic Exhibition Committee for all their hard work. Hats off to the volunteers and staff that made the week go by so smooth. Hats off to all the judges that gave freely of their time and talents.

A special hats off to all of the makers that have images in this book. You represent some of PPA’s finest. You should be very proud of your accomplishments.

We at PPA are proud of your accomplishments. We are thankful for your continued support of our degree program.

To the new folks that are just getting started — “Be More” involved. Start entering your local, state and district competition. Start volunteering on all levels. This is a great profession that I have been involved with for over 43 years. I wish all of you 43 plus years of success.

All of us that view these images will “Be More” inspired.

Thank You,

Ralph J. Romaguera Sr.

Welcome to PPA's Loan Collection, Volume XVI~ 2013!

Every year, as we proceed through the process of publishing the PPA Loan Collection and PPA Showcase books, we marvel at the level of creative expression and expertise that is presented in these volumes. This alone makes the staff at Marathon proud to be associated with a project of such distinction. We also are aware of how much PPA's annual International Print Competition means to the industry in terms of its ability to set and maintain standards of excellence that photographers worldwide can seek to achieve.

We are impressed also with the capacity of the print exhibition to educate. Whenever a photographer views the collection itself, studies images in the books we publish, or goes through the process of competition, invaluable learning takes place.

So to all those who make this extraordinary competition a success, Marathon sends its congratulations on fashioning a unique and vital resource for photographers and image makers everywhere.

Sincerely,

A handwritten signature in black ink that reads "Rex Alewel". The signature is written in a cursive, flowing style.
